

Rixy Stages 2024 – Competitor Final Instructions

23rd December 2024

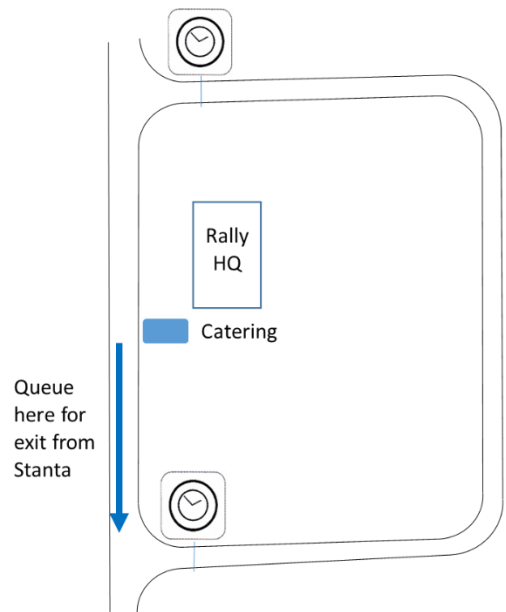

1) Scrutineering and Signing On

Scrutineering and Signing On are at Thetford International Compactors, south of Thetford just off the A134. The rally is at the Stanta MoD site north of Thetford. See the maps at the end of this document.

2) Entry to and Exit from Stanta

The access route to and from the service area uses part of the stage route. Because of this it is not possible to enter or leave the site whilst the stages are running. Please ensure you are in the service area by 8.00am at the latest.

If you retire and are ready to leave before the lunchtime turn-around of the stages, there will be an opportunity to leave at that time. Anyone doing this will be escorted out in a convoy. Please queue as shown in the diagram, we aim to leave shortly after the last car has entered SS3. Ensure that you have completed and handed in your damage declaration first.

3) Service area reminders

Competitors must use a groundsheet or similar covering underneath their vehicles to prevent any spillage from contaminating the ground. Fuel must be pumped not poured. (SR 21)

There is no fuel available at Stanta, and as above you will not be able to leave and return during the rally. Please ensure that you have all the fuel you need before you arrive – there is a list of nearby filling stations in the SRs. (SR28)

4) Official Photographer and Video

M&H Photography (Andrew Manston) and MAD Video (Ian Maddison) will be at the rally.

Happy Christmas and see you at Scrutineering.

Simon Tonks

Secretary of the Meeting
